Re: Notice of Violation (N 02-49-1-1) Abatement Permit Change, West Ridge Mine, C007/041

AM02A

Dear Sirs:

WEST RIDGE Resources received an NOV on February 19, 2002 which related to as-constructed surface facilities versus approved MRP surface facilities, specifically lining of ditches. The remedial action required by the NOV is essentially to line various ditches at the site. WEST RIDGE Resources has determined that by making minor changes in the approved MRP, a remedial action other than that stipulated in the NOV will be made.

WEST RIDGE is submitting a permit change as the remedial action. This permit change is attached.

Thank you for your consideration and please call if you have any questions.

Sincerely,

Michael W. Glasson
Environmental Coordinator
